Delay on Concession Stand; New School to Have Oil Heat

A delay in installation of a ticket-restroom-concession stand at the Granite City high school football field was approved at a school board meeting Monday night.

It had been hoped to have the building constructed by the start of the current football season. However, this did not prove to be possible, and this week's decision was to have formal plans drawn up this fall so that the work can be carried out early in 1966.

Supt. Russell D. Johnson was instructed Monday night to prepare an architectural recommendation.

Attention was called to completion of gymnasium floor replacement at GCHS. The new edge-grain maple flooring presents a substantially different appearance than the original floor, the superintendent noted.

Construction Progressing
"Work on Parkway grade school is progressing satisfactorily at the present time," Supt. Johnson said. "I visited the site Sept. 9, and all foundations are in. They are backfilling and filling for slab. The retaining wall on the north side is complete but the site is not yet filled."

On the superintendent's recommendation, the board decided to switch from gas to oil for heating of Parkway school.

The original furnace installation is expected to be \$4000 to \$5000 higher with oil heat, but overall costs have been estimated at \$1200 to \$1500 less each year. "It will pay us to spend the greater amount in the beginning to effect the savings in operation costs," Supt. Johnson said.

"The area where we are building the new senior high cafeteria has been fenced. The excavation work is well underway, with foundation being poured. At this point, progress is satisfactory."

"The traffic situation at Coolidge junior high school is still under study. The fact that we have staggered the starting and closing time seems to have helped considerably."

"To avoid overloading, we may have to adjust some bus routes."

Survey 12 Buildings
Eight buildings and parts of four others will need to be surveyed before July 1, 1967, to comply with requirements of the Illinois Life Safety Code, which stipulates remodeling of old schools to reduce fire and smoke hazards, the superintendent said.

He was authorized to consult with two local architectural firms—Henry J. Gabriel-Sylvester and Virgil Dulgeroff—on possible survey costs.

The law says that each school board "shall have buildings constructed prior to Jan. 1, 1955, surveyed by a registered architect or registered engineer as to minimum standards; a report of the findings of the survey shall be made to the school board, giving priority to fire safety problems and recommendations thereon."

Treasurer Bond
The board decided to renew its school treasurer bond on handling 1964 bond issue funds for a second year. Instead of the original total of \$2,300,000, for which the premium was \$702, a total of \$2,100,000 remains in the account.

Supt. Johnson was instructed to write a soft drink manufacturer who had misunderstood the board's action on bids for machines in schools. Also, GCHS Band Parents, who provide soft drinks at school functions, will be consulted on their purchasing and bid policies.

Sheet metal for vocational classes will be purchased from Granite City Steel Co. at \$304 for 4800 pounds, described as well below the current market price for waste metal.

"Equipment is to be purchased for about \$150 to prepare a school maintenance vehicle for grass mowing, and a \$126 expenditure from GCHS Journalism department funds was authorized for a new camera. Binding of school board minutes was approved."

Purchase of three tables and eight chairs for the Mitchell kindergarten from Blackwell Wiedeman Co., St. Louis, was authorized.

Acting on bids, the board purchased three driver training autos; two 1966 Plymouths from Elledge Motors and one 1966 Dodge from Farrington Motors at no charge for a year's use other than dual control installation and any repairs to place them in their original condition.

Sticker coal, 3/4 x 1/4 washed and oiled, \$8.25 a ton from Tri-City Coal & Ice Co., same price as in 1964-65.

Fuel oil, No. 5 from Joseph F. Reidy & Sons, firm price of 7.25 cents a gallon (.06 cent) a gallon less than last year and 29 cent less than in 1961-62; No. 2 oil from Lindy's Mobilitec, firm price of 10.12 cents a gallon.

Comprehensive fleet insurance coverage, Country Mutual Insurance Co., \$752 net annual premium.

Replacement of a copper exhaust duct in a GCHS room, \$50 by Douglas Sheet Metal Co., and making and installing of a hood for a deep fat fryer at Coolidge junior high, \$67 by Triangle Heating Co.

Mop service, Dust-Tek Service, one and a fourth cent per inch, same cost as in past years.

GCHS football field lighting, \$150 labor by Drbn Electric Co. and \$5.75 for each 1500-watt lamp replaced.

Air compressor to control heat in the GCHS vocational building, \$139, All Type Compressor Service.

McCormick said the change in name and policy was carried out by the community service committee of the Tri-Cities Trades & Labor Council, which will continue as the consultant.

The organization is open to all Quad-Cityans who are retired and 62 years old or older.

GC Girl Chosen by Kansas Group for Poster

The 1965-66 poster girl for the Kansas Shriners is Constance Renee Kindie, 9, a daughter of Mr. and Mrs. Philip Kindie, 2455 Cleveland blvd.

The youngster and her mother left yesterday for Wichita, Kan., where Connie will participate in a series of kickoff meetings in preparation for the annual Kansas Shrine Circus, scheduled for Nov. 11-15 in Wichita. She also will appear on television and be greeted by numerous dignitaries.

A fourth grade student at Niedringhaus school, Connie was selected as the Sunflower state's Shrine poster girl while a patient in the Shriner's Children's Hospital, St. Louis.

Several Kansas Shrine officials visited the hospital earlier this summer and were captivated by her smile and manner. They subsequently chose her to represent their state in the annual benefit campaign for Shriner's Hospital.

Stricken at 5 1/2 Months
Connie became a victim of polio at the tender age of five-and-a-half months, one of a small number of infants to contract the disease. Ironically Connie was two weeks away from receiving her first Salk vaccine shot at six-months-old when she became paralyzed below the midriff. Since that time, infants are given the immunization shots at an earlier age.

In 1961, she was the first person to undergo a new surgical technique performed by Dr. Stamp, a renowned bone specialist at several Shriner hospitals. Shortly after Connie's operation,

a second successful one was performed on a child flown here from Viet Nam. She has had several operations, all designed to aid in straightening her legs. The new poster girl wears a special brace on her right leg,

given emergency treatment; and Mike Garcia, 49, of 857 Alton avenue, Madison, who dropped a water glass on his left foot, had several stitches taken to close a cut on the big toe. Also cut by

glass was Lisa Malwitz, 3, of 2018 Delmar avenue, who had 14 stitches to close a cut on her right thigh.

State Gives Outline On Farmer Liability

Rural landowners who make their property available for recreational uses without charge are no longer liable for personal injury suffered by people who are on their land, the Illinois Department of Conservation announced today.

"One reason that farmers were reluctant to permit hunting, fishing, camping, or other outdoor activities on their farms was that the landowner or tenant could be sued for damages if the sportsman was injured or killed on his place, even though the victim was trespassing," William T. Lodge, director of the Illinois Department of Conservation, stated.

According to the provisions of the new law a landowner or tenant who does not charge a fee for his property for recreation is not liable for damages unless he fails to guard or warn against dangerous conditions. Recreational use would include hunting, fishing, swimming, boating, water skiing, camping, picnicking, hiking and nature studies.

Representing St. John Lutheran Church as a delegate to the Sept. 20-23 convention of the Synod of Evangelical Lutheran Churches (SELC) next week will be Joseph C. Cell, congregation chairman, Rev. Samuel Boda, pastor also will attend.

The convention will take place Sept. 20-23 in Cudahy, Wis., and one of the major matters at the Synod will be whether to apply for full membership in the new, proposed Lutheran Council in the United States (LUCSA), an inter-Lutheran agency which would replace the present National Lutheran Council. SELC has been participating in the planning sessions.

Another important decision relates to the invitation from the Lutheran Church-Missouri Synod, to merge with the Lutheran Church-Synod to dissolve the present Synodical Conference.

Pre-Trial Jail Time To Be Credited

Local area police officials are being advised this week by State's Atty. Joseph Bartylak that a new state law calls for credit to be given individuals for time spent in jail prior to sentencing.

This means, Bartylak said, that time spent in a local jail or the county jail will have to be recorded and forwarded along with the prisoner when he moved from one jail to another.

Physical Exams in Future School Custodial Hiring

The Granite City school board voted Monday night to add physical examinations as a requirement in the hiring of new school custodians.

In revising its custodial employment policy, the board also limited submission of applications to those living in the school district and having been residents of the district for at least five of the preceding ten years.

General aptitude and mechanical aptitude tests are to be given each February, May, August and November and possibly more often; a second try to pass the tests will be permitted before someone is dropped from the list of applicants. Applicants must appear by the third time they are scheduled for the tests, or be dropped.

Applicants who refuse regular employment when it is offered will be removed from the list of substitute custodians and must reapply, the new policy stipulates.

Receives Promotion in Vietnam

Pfc. Eddie J. Hinson, a son of Mr. and Mrs. Harold Mayfield, 2840 Fortune drive, who has been in Vietnam since last June, was promoted Sept. 1 to lance corporal.

A June 1964 graduate of the Granite City high school, he enlisted in the Army on Nov. 12 of that year.

Enlisted 8 Times in 7 Years; Faces Federal Indictment

Elton Williams, 24, also known as Elton Jennings, of Eagle Park Acres near Madison, was indicted by a federal grand jury in Chicago Tuesday as the result of his eighth enlistment in the armed forces during the last seven years.

Authorities said that since 1958, when Williams enlisted in the Marines under the name of Elton Jennings, he has enlisted and gone through basic training in the Army, Navy, Air Force and Marines.

The grand jury indictment charged Williams with using an assumed name in his eighth enlistment into the Army on Jan. 20, and falsely stating that he had no previous military experience. Williams now is held on jail at Springfield awaiting trial on a charge of desertion. He was arrested for federal authorities by Madison police at Second and Jackson streets in Madison on Sept. 3. He is accused of enlisting in the Air Force early in May and deserting May 22.

Reckless Driving Fines

Walter V. Labanoski, 3000 Circle drive, was fined \$20 plus costs Wednesday by Magistrate Hiscott on a charge of reckless driving. The charge was filed Sept. 9 by Madison police.

Teachers Employed

Newly hired as teachers were Mrs. Sharon Kaye Gregg, Madison, 1965 SUI bachelor degree, Stalling's fourth grade; Mrs. Carolyn F. Kirchner, Collinsville, Indiana U. bachelor degree and three years of teaching; Frohman's sixth grade; Mrs. Dora Lee Peterson, 1720 Ferguson avenue, St. Francis College bachelor degree and four years of teaching; Stalling's sixth grade; Mrs. Mary Ann Purcell, 2707 Harvey place, 1965 Missouri U. bachelor degree, Marshall sixth grade and Miss Eugene Sue Whetzel, Aurora, 1965 Illinois State U. bachelor degree, to become the Nameoki physical education teacher Nov. 15. Mrs. Kirchner previously taught English and Russian at GCHS.

Plan Minimum Standards

The board Monday night also discussed setting standards of minimum physical condition for initial custodial and cook hiring and for yearly examinations of cooks. Supt. Russell D. Johnson was authorized to study the proposal.

General plans call for the board to continue naming the doctors who will administer examinations; physical exams to be made "more meaningful"; all examinations to be reviewed by a committee of nurses; and no cafeteria or custodial employees to be hired if they do not meet minimum health standards.

Job descriptions will be considered in establishing minimum standards. Supt. Johnson said, Board Member Daniel Linder noted that he has been an advocate of more meaningful examinations but said he favors board consideration of details of the new plan rather than a blanket authorization for administrative implementation.

Talks With Employee Groups

Supt. Johnson was authorized to begin immediate talks with school employee groups as a preliminary to the start of negotiations on work agreements for the period beginning July 1, 1966. Included are teachers, custodians, painters, laborers, carpenters and chauffeurs.

The superintendent already has held a preliminary discussion with representatives of cafeteria employees, whose 1964-65 agreement includes a salary reopening clause for 1965-66.

Exact procedures for actual negotiations remain to be worked out, but Board President Monroe Worthen said they probably will continue to be handled by board-administrator committees meeting with union committees.

Pay for Ticket Takers

The board approved a plan to hire eight high school teachers on a continuous basis to handle ticket selling and ticket taking at football and basketball games (three hours each) and wrestling matches (two hours) at \$5 an hour.

Total estimated cost for 22 home events is \$2320. Other activities at GCHS may add another \$300 to the cost, Supt. Johnson said. Previously, such duties were rotated among faculty members without extra pay.

Two plans for payments for extra-curricular work, one prepared by the administrative staff and another by American Federation of Teachers Local 743, were presented to the board by the superintendent for study and later action.

Custodian Becomes Teacher

Among resignations accepted was that of Ralph K. Craycraft Sr., who has left his Marshall school custodial position to become a Stalling's school fifth and sixth grades teacher. He resides in Granite City.

Also resigning were Ronald L. Coleman, Granite City, Nameoki physical education teacher, who has accepted a sales position with Cummins Missouri Diesel Sales; Miss Dorothy Cox, Granite City, Coolidge junior high librarian, who will join the staff of Southern Illinois University at Carbondale; Mrs. Viola Spicer, Mitchell, a Mitchell school cafeteria worker, health reasons; and Ethelene Ambarger, also a cafeteria employee, health reasons.

Leaves of absent were granted to Mrs. Myrtle Pascoe, Granite City, Maryville school cafeteria worker, family's health, and Mrs. Mary J. Villardet, Granite City, a Frohardt school cafeteria employee, health.

Leave extensions were denied Mrs. Marvel Clower and Jennie Moody, the latter now a Spring-

Field, Mo., resident, former cafeteria workers.

He also was arrested in March 1962, for being AWOL and served 30 days. His record shows an arrest on a charge of indecent liberties.

Federal authorities charge Williams has spent only a few weeks in federal service after each enlistment. Authorities said that he:

Enlisted in the Marines in 1953 at the age of 17 under the name of Elton Jennings Jr.

Rain Causes Accident

Eugene S. Bryant, 2416 Sheridan avenue, reported that wet pavement prevented him from stopping in time and his auto struck the left side of a car driven by Ray L. Hancock, 2120 Lee avenue, who was making a left turn off Niedringhaus avenue onto Iowa street at 8 p.m. Wednesday.

Teacher Trial Under Way

A jury trial is under way in the Granite City division of circuit court in a damage suit against Mrs. Susan Moll Kichham, English and speech teacher at Prather junior high school, charged with spanking and injuring the daughter of Mrs. Maxine Hufstader while in school. Associate Judge Fred P. Schuman is hearing the case.

High Court Hears Jr. High Ownership Appeal

A mid-November ruling is possible on the Coolidge junior high school ownership suit, which was the subject of an hour-long hearing Tuesday before the six Illinois Supreme Court justices in Springfield. Further appeals or re-hearing requests are possible after the verdict is given.

Attorney Robert McGlynn, accompanied by Attorney Kelley, contended that Harold W. Kronsbein was not legally notified of the 1953 property condemnation nor compensated for his interest in a 35-acre tract. School Attorney Maurice Dailey and Attorney Phillip Listeman told the court that proper notification was accomplished by a former school attorney and that there was a \$38,893 payment to a family trust fund. Only spectators were School Supt. Russell D. Johnson and School Secretary Ronald Dillard. In addition to the oral arguments and rebuttals, the high court will consider written briefs and also earlier Madison county and appellate court rulings, both favoring Kronsbein. The basic issue is now financial. The court was told that unless there is a reversal the district will have to pay "many times the original cost" to enforce the suit. "Together with the multi-million-dollar improvements since placed there."

SCIENCE TRIUMPHS

Modern science has turned an archeological tragedy into a triumph.

The tragedy was the destruction of a prehistoric mound in Iran by modern villagers who excavated the soil to use as fertilizer on their fields. The triumph is the use of modern technology to show that many pottery fragments from this mound were from crucibles used for smelting copper ore and the dating of activity as early as 4000 B.C.

The story is detailed in an article for future publication written by Joseph R. Caldwell, head curator of anthropology, Illinois State Museum. The article describes his experiences in Iran in 1963-64 where he lectured in Tehran and made an archeological reconnaissance in the province of Kerman under the auspices of the Empire of Iran and the U. S. Commission for Cultural Exchange. The story's main setting is Taftabazir—meaning Devil's Mound—the site of a long-abandoned village in eastern Iran.

Hearing Set Monday

A hearing against 23 union members who have been cited to show cause why they should not be held in contempt of court for violating the injunction was begun before Judge White last week, but was continued at the conclusion of evidence Saturday.

The hearing was to have been resumed Friday, but attorneys for both the union and the company said today that it has been reset for Monday and will continue through Tuesday and Wednesday if necessary. Union members served with citations are alleged to have violated terms of

Committee Studies Enrollment Problem

The puzzling reduction in this year's projected enrollment in the Granite City school district was outlined last night by School Superintendent Russell Johnson in a meeting of the Municipal Coordinating Committee. Johnson said an analytical study of the matter is being made in an effort to find answers to what happened to cause a cut of about 500 pupils below the anticipated enrollment.

Johnson presented the matter to the committee, which consists of representatives from the park district, school district and the city, because he believes such a reduction in school enrollment reflects a possible community problem with which the committee should be acquainted.

The committee also discussed a proposal submitted by the city under which the school district would share part of the cost of maintaining crossing guards at street intersections near Granite City schools. This cost now is completely borne by the city, Johnson said he would have to

Damage Suit Settled

A damage suit filed by Ruth and Edwin Clifton against Charles Johnson of Granite City as the result of an accident on Aug. 11, 1961, at Highway 111 and Bypass 66-40 was settled out of court Tuesday after a jury was called Monday in the Granite City division of circuit court by Associate Judge Fred P. Schuman.

determine whether the school district could legally assume part of the cost.

Construction of a walkway through Wilson Park from 29th street to Benton street also was discussed. The park district is to complete cost figures and report at a later meeting. Possibility of constructing a fence along Nameoki road at Coolidge junior high school to help control pedestrian traffic also was discussed, but no action was taken.

old, were arrested by Madison and Venice police Tuesday in connection with a break-in at the American Sales Department store, 314 State street, Madison, about 3:30 a.m. Tuesday. Madison police said the boys were released to their parents after admitting burglarizing the store, and the case will be referred to the state's attorney office for action in the juvenile court.

Three shopping bags full of clothing were recovered by police. The boys broke a large plate glass window, six by eight feet, to gain entrance. As they were leaving, they were seen by a witness who shouted at the boys and called police. The boys fled, leaving the bags of clothing behind.

One of the youngsters was caught by Venice police as he ran toward North Venice. The other two youths were identified and picked up later Tuesday by

Madison authorities.

Mrs. Robert Turner, 3136 Carlson avenue, reported at 9:15 a.m. Wednesday that a power mower was stolen from her yard Monday night.

Break Into Office

Two men broke into the office of the Chicago & Northwestern railroad at the end of Collinsville avenue in Madison at 6 p.m. Monday, and fled the scene as they saw an employee approaching. It was not immediately determined if anything was taken.

Madison police said they were called by Phil Kopmann, who said he was checking freight cars when he saw two men standing outside the office which they apparently just had left. The men ran toward Laclede Steel plant as Kopmann approached the office to call police. Two windows had been broken, one on the west side of the building and one on the south side through which the men apparently fled, leaving the bags of clothing behind.

Robert Becker, Rural Route One, a Horseshoe Lake fisherman, reported at 7:30 p.m. Monday that a steel cash box valued at about \$40 and containing \$10 in cash was stolen from

Three Cars Damaged

Three cars were damaged at 10:10 a.m. today at 22nd and State streets. Involved were autos driven by Anthony A. Queiroli, 5240 Nameoki road; Robert E. Sturdivant, 2917 Angela drive; and Herbert A. Jones, 2324 East 24th street.

Fire Code Charge Filed

Ace L. Thomas, 24, of 3019 Marshall avenue, was arrested at 3 p.m. Wednesday at his home on a charge of violating the fire prevention code. The complaint was signed by Jack Fricker, city inspector, and Curtis Donley, assistant fire chief.

a steel post on the south side of the lake. A hack saw blade was found on the ground by the post. George Stidham, 151 Trocadero lane, Mitchell, reported at 6:45 a.m. Tuesday that his 1960 black auto was stolen while it was parked on his private road. It was unlocked and had a key in the ignition. He said that at 6 a.m. he heard a car start but thought it belonged to someone else. He said his auto contained tools, a shotgun and a pistol.

Record County Sales Taxes in First Half of '65

Madison county sales tax revenue—derived from the half-cent-a-dollar tax in unincorporated areas—has produced \$88,409 for the county treasury during the first half of 1965.

The latest monthly report completed this week, for June, shows \$20,284 net receipts for the county. This includes both monthly and quarterly returns.

Never before has the January-June figure risen so high. It stood at \$84,657 in the first half of 1963, the year in which the county's yearly revenue hits its peak of \$176,610. Last year's receipts amounted to \$174,704. The June figure was based on gross collections of \$21,146, with \$17 protested and \$845 deducted by the Illinois Revenue Department to meet its collection and administration costs.

Proverbs, Salty Sayings Compiled by SIU Staffer

Like the old proverb says, "Fancy words do not make a scholar," but that doesn't mean the unfancy words of proverbial speech can't add up to a jumpy piece of scholarship.

That's what Southern Illinois University, Carbondale, English folklorist Frances Barbour has done in "Proverbs and Proverbial Phrases of Illinois," which may be the very last word on the state's verbal motherwit.

The 213-page book, representing six years of research by Miss Barbour, is due for publication Sept. 23 by the SIU Press. Between its fabric-bound covers are some 4000 proverbs, expressions and salty sayings that provide a mirror to the cultural heritage of a region.

Most of them were provided by SIU students and residents of the Carbondale area, but many came from students at the University of Illinois, who made contributions through Dr. Garetta Bussey there.

From the Younger Set
It's as clear as day that some of Illinois' idiomatic coinage now includes minting by the younger set. Sayings like "graceful as the bird they call the elephant," "funny as a broken back," "he cut you like a Cleveland butcher" and "sharp as a beach ball" seem destined to take their place in the language alongside such oldtimers as "big enough to hunt bear with a stick" and "it's going to clatter up and drip" (it's going to rain).

These, incidentally, are cited by Miss Barbour with no references, meaning that in her exhaustive researches of other proverb collections, she couldn't find them. Apparently, they are pure Illinois in origin.

Most of the Illinois expressions, however, have been found in use elsewhere. The vast assortment still in general use throughout the Prairie State reflects the "thought and traditions" of its settlers, who came from everywhere.

Imaginative, Humorous
High imagery, a sense of the poetic, and similes as hard-hitting as they are humorous seem to be trademarks of the Illinois proverbs. "He can shoot an ant off a poppy seed" has it all.

Other examples: "Hunkered down like a frog in a halibut," "sharp as a stucco bathtub," "breathless as an August afternoon" . . . spread out like a quilt on a dozen goose eggs" . . . "it had a brain, it would sound like a BB in a boxcar."

Others by type:
IRONY—"I'm so mad I could eat spring chicken."

LYRICAL—"Delicate as a butterfly walking on a lily pad."

ALLITERATIVE—"Heart as heavy as a hunk of hog liver."

Says the Bug
MODERN TEENIE—"That's me all over" said the bug, as it was squashed against the windshield.

REGIONAL HIP—"Exciting as a day in Makanda."

Miss Barbour arranges her collection alphabetically, according to the first noun or significant word in the saying. "Man has the most entries (66) followed by his best friend, 'Dog,' with 54. In folk sources, the hog apparently was a gold mine of metaphorical allusions. Under that entry you can bleed like a stuck hog, be thin as a razor-back, messy, fat, unpredictable or dirty as a hog, as nervous (or independent) as a hog on ice, or you can know as

much about anything as a hog does about Sunday.

Then again, you can be as relaxed as a pound of liver.

Miss Barbour sets the record straight on one treasured regionalism: "As unpredictable as Southern Illinois weather." This "proverb" is fairly common applied to weather in any locality," she says.

Well, all good things must come to an end.

The engineering program at Southern Illinois University was planned to give the student a broad foundation and background in the basic sciences and engineering need to meet problems of a modern technological society.

Testing Service, Edwardsville, by Sept. 17. A \$4 check or money order made payable to the American College Testing Program should be brought to the testing session.

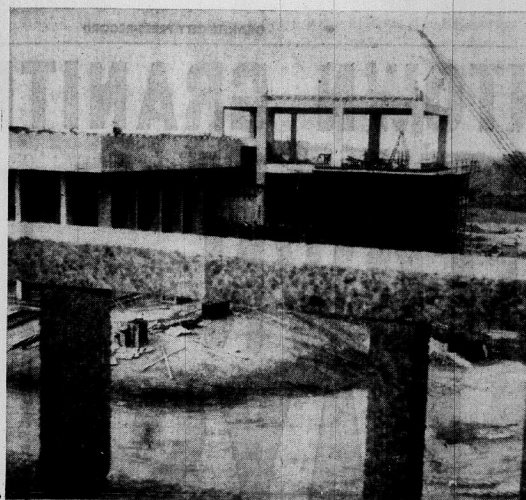

The new AFOTC program gives students the opportunity to earn commissions as Air Force second lieutenants during their final two academic years. Under the alternate four-year program cadets attend shorter summer training sessions.

Herman Smith Jr. Enrolled in AFOTC

Herman Smith Jr. of Madison has completed six weeks of training at Keesler AFB, Miss., in the new two-year Air Force Reserve Officer Training Corps (AFOTC) program.

Cadet Smith, a member of the AFOTC unit at Southern Illinois University, is the son of Mr. and Mrs. Herman Smith of 201 Terry street. The 21-year-old graduate of Lincoln of Venice high school received training in Air Force flying and support operations at the Air Training Command base.

EIU Homecoming Set Oct. 23 at Charleston

Eastern Illinois University will hold its 1965 Homecoming on Oct. 23 at Charleston.

Highlighting the annual ceremonies are class reunions, a band of national prominence, a football game with Interstate Conference rival Western Illinois and other traditional events.

Reunions scheduled for Sunday, Oct. 23, include a get-together of the classes of 1949, 1950 and 1951, and a reunion of the championship football team of 1948. House decoration and a parade again will be major attractions, with the parade to start at 9:30 a.m. The theme is "The Hysterical World of Advertising."

Only about 10% of Southern Illinois University agricultural graduates return to farming or ranching as a career. Many more take positions in business and industry related to agriculture.

New Student Orientation Leaders Named at SIU-SW

(Additional Picture on Page 27)

Six Southern Illinois University-Southwestern campus students from the Quad-Cities were named orientation leaders to assist in New Student Week activities to begin Sunday with Parents Day.

They are Carol Sue Clark, John Kelehan, Ervin Knezevich and Kent Scheibel of Granite City and Christine Paschoff and Deemana Paschoff of Madison.

Activities were planned at a meeting yesterday at the Alton center where 165 upperclassmen were briefed by representatives of the university's various operating units following a welcome by Jack Graham, dean of students.

Student leader assignments were reviewed and a film strip entitled "I Wish I'd Known That Before I Went to College" was shown.

On Monday and Tuesday new

students will have orientation sessions at the university's three teaching centers.

Navy Sets NROTC Exams on Dec. 11 For Seniors, Grads

Vice Admiral B. J. Semmes Jr., chief of naval personnel, announced today that the 20th annual national competitive examination for the Regular Naval Reserve Officers Training Corps will be given on Dec. 11. Eligible high school seniors and graduates should submit their applications before Nov. 19.

Designed to supplement the officers' output of the Naval Academy, the NROTC program makes it possible for a young man to earn a regular commission while studying at the civilian college of his choice from among the 52 colleges with a regular NROTC unit.

All tuition, fees and books are furnished by the Navy, and the student receives a subsistence allowance of \$50 per month for not more than four years. During the summers the student goes on interesting training cruises as a midshipman.

After successfully completing a baccalaureate level college course, he is commissioned in the Regular Navy or Marine Corps and goes on active duty as a career officer with the Navy's modern fleet. Immediate challenging assignments to aviation training, nuclear training or submarine training offer varied career opportunities to those graduates who apply and qualify.

High school seniors and graduates who will have reached the 17th but not the 21st anniversary of birth on June 30, 1966, may apply for the NROTC aptitude test. Those who make a qualifying score will be interviewed and given a thorough medical exami-

Course for Jr. College Teaching Offered Here

Southern Illinois University will help meet the swelling demand for new junior college instructors by offering a course at the Southwestern campus this fall entitled "The Junior College."

According to state and national studies of projected faculty needs at the college level, at least two-thirds of the new positions will be at the junior colleges which are expected to spring up all over the country during the next few years.

Leonard Wheat, professor in SIU-SW's Education Division, who will teach the course, said that while the doctor's degree is expected for upper division and graduate instruction in universities, most of the positions at the junior college level will be filled by persons having a master's degree or a specialist's degree, with preparation in professional education courses that lead to state certification for teaching.

Ashlock Attending MMA

John Ashlock, son of Mrs. Dorothy J. Ashlock, 1428 Madison avenue, is among 325 cadets enrolled in the Missouri Military Academy, Mexico, Mo., which has a capacity enrollment this year.

Application forms are available at local high schools and Navy Recruiting Stations or from the Chief of Naval Personnel, Department of the Navy, Washington, D.C. 20370.

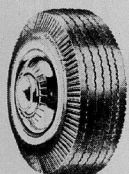

nation early in 1968. From the number of qualified young men remaining in competition, about 100 will be selected to attend college next September to prepare for their naval careers.

School Calendar Revision Omits One 'Record Day'

The 1965-66 Granite City school district calendar—revised Monday night by the school board to meet requirements of a new state law—calls for classes to be held on Jan. 20, originally a "Teachers' record day" and on Apr. 11, the Monday after Easter.

The new calendar specifies 185 days of attendance. However, Maundy Thursday, Apr. 7, Easter Monday and Easter Tuesday, Apr. 12, are "possible holidays if this is found to be permissible," it was reported by Supt. Russell D. Johnson. He is seeking an additional interpretation.

"These days, of course, will only be available if they meet state requirements," Supt. Johnson related. The board adopted the calendar "subject to approval of the state office."

Remaining as holidays will be Nov. 28, the Friday after Thanksgiving, and Dec. 23, first day of the Christmas-New Year's vacation. They were among the holidays considered for elimination when it became apparent that a revision would be necessary.

Other than those mentioned, the fall semester calendar lists as holidays American Federation of Teachers and Illinois Education Association meetings Oct. 8, a county teachers' institute Oct. 22 and Veterans Day Nov. 11.

Classes will resume Jan. 3, after the winter holidays, and the semester will end Jan. 21.

The Jan. 24-June 3 spring semester lists a county institute Apr. 1, Easter vacation including Good Friday, Apr. 8, and possibly three more days at Easter, Memorial Day May 30 and "record day" June 2.

Miss Illinois Honored By EIU, Charleston

Kathleen Oros of Granite City, Miss Illinois, was honored by Eastern Illinois University and Charleston, her "adopted" city, upon her return to the campus Tuesday.

She was presented with a plaque inscribed "our fair lady" expressing the city's thanks for the publicity she brought to Charleston and Eastern. The inscription was in reference to her role last spring in the EIU production at the Miss Illinois and Miss America contests.

At a downtown ceremony, Quincy Doudna, EIU president, said "Eastern has always been dedicated to the pursuit of excellence, so it was no surprise when one of our girls was named Miss Illinois." About 350 persons attended a cake-and-punch reception following the program.

Completion of the first two buildings on the new campus will enable the university to accommodate about 4000 when classes start next Thursday. VHS Students Elect New Class Officers for Year

By JUDY REIDELBERGER
Venice high school students elected class officers this week and seniors selected their class rings.

Officers of the senior class are Jesse Hall, president; Bernice Koeller, vice-president; Mary Jane Gray, secretary; Barbara Manier, treasurer; and Guen Hall, sergeant-at-arms.

Junior class officers are Barbara Kutz, president; Glenda Brown, vice-president; Linda Levy, secretary; Charlene Dumas, treasurer; Kay Willis, magazine manager; and Richard

Foley, concessions manager. Sophomore class officers are Tom McIntosh, president; Kenny Patterson, vice-president; Pat Sitton, secretary; and Vera Brown, treasurer.

Freshman officers are Karen Devany, president; Linda Presswood, vice-president; Estella Jennings, secretary; and Mary Dillon, treasurer.

Seniors viewed ring samples from the Balfour and Josten firms and selected the Balfour rings after representatives of the firms met with the class.

The 1966 Venetian year books will go on sale next Thursday through the publications class and sales will close Oct. 5. Prices are the same as last year at \$3.50 cash or \$2 down and an additional \$2 a month later on the installment plan.

Beginning Monday the seniors are to have their photos taken at Hollywood-Andrews studio in Granite City.

Schools, Parks to Share Facilities; Enroll 13,455

Reciprocal use of school and park facilities in 1965-66 was authorized Monday night by the Granite City school board, which plans to establish an extra Washington grade school kindergarten class at the Lincoln Place Community Center.

As in past years, the park district will use schools for parts of its fall and winter recreational program.

Basketball plans include Coolidge junior high school, Monday, Tuesday, Wednesday and Thursday evenings; Prather junior high, Monday and Thursday evenings; Coolidge, 9 a.m. to 4 p.m. Saturdays starting Nov. 27; Prather, 9 a.m. to noon Saturdays; and Nameki grade school, 9 a.m. to 4 p.m. Saturdays. Square dancing will be held Oct. 11 on the following schedule: Mondays, Nameki school; Tuesdays, McKinley; Wednesdays, Wilson; and Thursdays, Niedringhaus.

Hockey will begin Oct. 14 at Niedringhaus, Thursday 4 p.m. to 5 p.m., and Wilson school, Friday 4 p.m. to 5 p.m.

Use of the community center will be on the same basis as the park district's use of school facilities—the fee limited to actual added costs.

"Kindergartens at Washington and Webster—84 and 91 pupils—are too large for their inadequate facilities," Supt. Russell D. Johnson told the school board in explaining the need.

"We propose to consolidate three sections of fourth grade totaling 67 pupils at Webster into two sections and create another section of kindergarten at Webster in the afternoon, with a morning session for Washington at the Community Center."

"We are puzzled by our enrollment figures," the superintendent continued. "Our projections of enrollments made one year indicated a probable total enrollment of 14,117. Our actual enrollment as of Sept. 8 was 13,455, or 662 less than the projected figure."

"Somewhere something has happened that was not anticipated. Where and what happened we have not yet been able to determine, but we are looking for the answer or answers."

Discussing other parts of the enrollment chart, Supt. Johnson said, "The Frohardt kindergarten is larger than we would like, 147 for four groups, but they have excellent facilities and we can get by. First grade at Lake is too large, 78, and has not yet been resolved."

Big Maryville Turnout
"First and third grades at Maryville are too large, 117 and

115, and have not yet been resolved. Kindergarten at Niedringhaus is larger than we would like, 81, but they can get by."

A breakdown by grades shows 1218 in kindergarten, 1192 in the first grade, 1131 second grade, 1128 third grade, 1136 fourth grade, 899 fifth grade, 1022 sixth grade, 994 seventh grade, 981 eighth grade, 1134 ninth grade, 1023 tenth grade, 746 eleventh grade, 709 twelfth grade and 42 special students, a total of 13,455.

Totally by schools follow:
Emerson 344, Forest 874, Lake 304, Logan 313, McKinley 374, Marshall 538, Maryville 751, Mitchell 528, Nameki 1159, Niedringhaus 486, Stallings 408, Washington 612, Webster 508, Wilson grade school 553, Central junior high school 820, Prather junior high 1572 and Granite City high school, 2286.

Several new teachers in the local school system were introduced Monday afternoon at the initial fall meeting of the Granite City Education Association held at four o'clock in Niedringhaus school. Mrs. Doris Nelson, president, welcomed the new teachers and current chapter members.

A brief musical program was presented by vocalist, Raymond Vorhees, accompanied at the piano by Miss Janice Vezzer. Both Granite high school seniors were introduced by Miss Hazel Towery, program chairman.

An outline of the five-year history of the local education chapter was given by Harold Briggs, Mitchell school principal, who also serves as president of the Illinois Education Association's Marquette division. He described the affiliation between the local and state groups and the National Education Association through which it is hoped many objectives in the educational field may be attained on a nation-wide basis.

Briggs reported that a divisional meeting for all bargaining representatives is scheduled for Saturday, Oct. 9, at the Lewis and Clark restaurant, East Alton. He explained that each school has its own delegate to the IEA who attends divisional meetings and reports back to faculty members in their own areas.

Plans were initiated for the annual snagsboard to be hosted by the local group Nov. 2, in the Granite City high school cafeteria. The event will be combined with the chapter's next general meeting.

Mrs. Nelson reminded those present to invite their fellow teachers to attend the dinner meeting. She added that school secretaries and school nurses also are eligible to join the association.

Fines of \$10 each were imposed Monday on two Granite Cityans arrested Friday at Bellemeor Village shopping center on charges of begging. They were Guy Baker, 25, and Virgil Johnson, 28, both of 2201 Orville avenue.

Hairdressers Place Third in State Meet

A dual-personality, six-foot bust of plaster paris made by members of Elite Hairdressers Affiliate 33, placed third in a state contest held at Chicago, it was announced today by Mrs. Mary Batson, local president.

The bust of Abraham Lincoln, with the hairpiece and beard removed, resembled Adah Stevenson—two great Illinoisans.

It was displayed at the state meeting in Chicago and was propelled along a runway in the LaSalle Hotel by Mrs. Carol Kinder, who was inside the figure. She came out of it first in Lincoln garb and then re-emerged only to re-appear in modern garb to remove Lincoln's hairpiece and beard and reveal the likeness of Stevenson.

The event was the 21st annual convention and the Mid-America Fashion Festival, sponsored by the Illinois Hairdressers and Cosmetologists Association, and featured were educational programs and contests conducted by the Illinois hair fashion committee.

Mrs. Batson was senior delegate, and Stanley Coleman was junior delegate. He was elected

Boys 8 to 14 Will Compete in 'Y' Soccer League Beginning Sept. 25

Ruben Mendoza, YMCA soccer director, has announced that the YMCA Soccer League for boys between the ages of 8-14 will begin its 1965 season Saturday, Sept. 25. Eighteen teams will participate in three divisions, Atom, Bantam and Midget.

Additional 10-year-olds are needed for one team. To participate on this team a boy cannot be 11 years of age before Jan. 1, 1966.

Mendoza, a former three-time Olympic soccer star, originated the program, which is beginning its fourth year of operation. He will be assisted by 36 volunteer coaches.

New Association The newly organized YMCA Soccer Association will advise the soccer director and regulate the operation of the league. Everett DeMott is the president of the organization. League contests will be held at the Coolidge junior high and Frohardt school fields. An eight-week season will be followed by the playoffs. An award night will take place at the end of the season. Individual as well as team awards will be given. Another season will be conducted in the spring.

Cahokia, Roxana Co-Favorites in Midwest Conference Football Race

Cahokia and Roxana again rank as the co-favorites in the Midwest Conference football race, according to the league's coaches.

Because Cahokia has the largest enrollment, by far, of any school in the conference, the coaches might have the edge; however, Roxana won the crown in 1963—when Cahokia was favored—and tied for the top spot last year.

Last season's conference standings were: Cahokia 4-1-0, Highland 4-1-0, Roxana 4-1-0, Bethalto 2-3-0, Madison 1-4-0, Dupu 0-5-0.

Madison high school's Trojan's should improve their previous season's record due to added experience gained by 14 returning lettermen and good depth in the backfield.

Here is a brief look at the conference's other five teams with the 1964 overall records in parentheses:

CAHOKIA (5-4-1)—Coach Pete Truran considers defense to be his team's forte. Six of the 17 returning lettermen, who are all seniors, were regulars on defense last season, including Francis Wyland, a 215-pound tackle.

A lack of offensive experience and backfield depth, however, may plague the Comanches in their quest for the league title.

Top letterman on the offensive unit are halfback Charles Tienman, who made the Press-Record's second team as an all-conference selection last year, and end Mark Catlett.

Truran will employ a flex-T offense. He said, "Our season's success will hang in the balance of our first three games (with Belleville, Alton, Riverview Gardens and Centralia)."

ROXANA (6-3-0)—Only seven lettermen return from last season's squad, and Coach Mo Tshannen in his third year at the helm of the Shells is pessimistic about his team's chances for another title. He said, "I hope we can stay healthy through the first few games. This would give the juniors the varsity experience they need."

The Shells do have a quarterback who can throw well, senior Dick Dona. Senior fullback Mike Barnard and junior halfback Bob Wilson are other lettermen in a quick but small backfield.

Seniors Ron Counten, Mike Clouters and Ron Hines represent a trio of quick guards, who

are required to do a lot of pulling from the line in Roxana's wing-T offense.

BETHALTO (3-6-0)—Strength in the backfield may help Coach Ed Hartweg elevate the Eagles in the conference standings.

Halfbacks Ron Walt and Dave Jefferson, fullback Terry Deist and quarterback Bill Imel are among 10 returning lettermen, all of whom are seniors. Walt was the only junior on the Press-Record's all-conference first team last year.

Hartweg lost most of last season's linemen through graduation, so he is faced with a major job of rebuilding his forward wall.

The Eagles' line presents another problem in that it will be light. End Dave Woelfel (185) and tackle Mike Higgins (180) are the heaviest lettermen. A wing-T offense will be used.

DUPU (0-9-0)—Sixteen lettermen are returning, and Coach Don Brubaker is hopeful that his team will win more games than it loses even though the Tigers possess the longest losing streak in this area, 18 in a row over a two-year period.

James Bieller, a 210-pound quarterback, and Larry Kremmel, a 195-pound fullback, are senior lettermen in a backfield which has good size.

The line will also have plenty of beef, including senior tackles Joe Stewart (270) and Dan Garrison (280), who are lettermen, and junior tackle Ray Walts (230). The Tigers' offense will basically operate out of an I-formation.

HIGHLAND (7-2-0)—According to Coach Frank Prohal, senior Wray Boulanger, a 212-pound tackle, could be the best lineman in the league. (He was the only junior lineman named to the Press-Record's all-conference team last year, having received a berth on the second unit.)

The Bulldogs have a good pass

Some Reserve Football Games Transferred to Protect Main Field

Dick Yates, athletic director, has announced that the site of two reserve football games scheduled to be played on the main field at Granite City high school has been changed in an effort to conserve the new turf. A center area of the field was sodded this summer in an effort to provide an adequate playing surface.

Games involved in the switch are a jayvee contest with Assumption originally slated at 7 p.m. Monday, Sept. 20, and a sophomore tilt with Belleville which had been scheduled at 7 p.m. Monday, Sept. 27.

Instead of being played on the main field, these games will take place at 4 p.m. on the dates mentioned but will be on the practice field which is adjacent to the main gridiron.

Yates also said that a possibility exists whereby all remaining home reserve games may likewise be shifted. Prather junior high school will play its home games on the Prather field.

Personal Glimpses At Pageant

AT ATLANTIC CITY, N. J.
by Valerie Evenden

Observations made by the Press-Record's staff reporter, Mrs. Valerie Evenden, during the Miss America Pageant in Atlantic City, Friday and Saturday. Personal glimpses, both inside and out of the pageant's all-encompassing sphere of activities, follow:

Traveling to Washington, D. C., enroute to Atlantic City with the Press-Record reporter, Paul Oros, Miss Illinois' father, said how much he appreciated the assistance given Kathy by the Granite City Jaycees. He commented specifically on the excellent newspaper coverage and the public relations work of Earl Dotzauer, whom Oros said "carried out so many necessary small details without seeking any credit for himself."

Renee Oros, Kathy's exuberant 12-year-old sister, who looked charming in a blue and white dress with red accessories. Her eyes sparkled as she proudly displayed her first grown-up corsage given to her by Mrs. Michael Lombardi and which she later wore to the pageant.

"If Kathy shouldn't win," Mr. Oros said, "I hope people won't be too disappointed as it is really something to be selected among the top 50 most talented and lovely girls in the country." He continued, "I would like to see her get in the first ten."

Apart from the normal activities of the pageant, a truly nerve-wracking though unforgettable experience, GC Jaycee President James Burton encountered two additional experiences, neither pleasant. His 1964 automobile was damaged as it was parked at his hotel and while enjoying a refreshing swim, he stepped on a drawing victim, Jim, who has been exposed to some underwater recovery work, left this recovery to other authorities.

Also aboard the Washington

ton-Atlantic City flight were Mrs. Verna Lengyel, Mrs. Ann Lengyel and Mrs. Michael Lombardi, all of Granite City.

The local news reporter was seated along the 130-foot runway in the pageant auditorium between the Washington correspondent for the world-famous West German magazine "De Spiegel" and a CBS radio broadcaster, covering the event live. It was the first American Beauty pageant for Vance Traber of Hamburg, Germany, a great admirer of the American girl and the 19th consecutive Atlantic City contest for John Struckell of CBS-WFPG.

In an informal pre-final survey, Miss Florida and Miss Alabama appeared to rate most newsmen's votes as the most outstanding talented performers. The same group tallied Miss Mississippi as the probable choice for Miss America from the top ten finalists.

The Dennis Hotel and the National Orchid Growers Association took the Grand Sweepstakes Award for their float, an orchid-laden ferris wheel, holding six lovely girls wearing gowns fashioned of tiny orchids, in the illuminated boardwalk "Parade of States," Tuesday night.

A coincidence shared by Miss Alabama and Miss Louisiana, who were identical white, strapless ball gowns, trimmed with white mink and crystal beading.

Commenting on Kathy's high school training, Miss Mary Blackburn said, "the three years I had her in high school, she was the first to learn her lines and always conducted herself in a most ladylike manner."

Miss Missouri, Lesley Fleener of Springfield, Mo., will use her scholarship money to continue her education at Southwest Missouri State College, where she is in her junior year. Both her parents are teachers and she hopes to follow in their footsteps.

In the 1965 beauty pageant there were 29 brunettes, 16 blondes, two auburns, two raven-haired and one tian-red beauties. Of the 38 girls to win the title, 23 had brown hair, including the present Miss America, ten were blondes, four were black-haired and only one had auburn hair.

Eastern Illinois University's newspaper sent William Kracer, an EIU journalism sophomore, to cover the pageant. Having met Kathy for the first time at the national beauty contest, Bill was anxious for school to resume so he personally can report on EIU's own state queen as she performs her many duties during the next year.

Due to copyright difficulties, CBS, owners of the Broadway musical "My Fair Lady," refused permission for Miss Illinois to use any dialogue in her talent presentation. She had previously won the local and state contests by introducing her song, "Just You Wait Henry Higgins," in a broad Cockney accent, which combined with her dramatic ability and vibrant personality, intrigued the judges of the earlier pageants and won for her the Granite City and Illinois crowns. The same ruling eliminated part of the talent segment of Miss South Dakota, who was to have sung three selections from the same production. It was learned, the ruling was enforced at the national level due to the possibility of contestants having to perform the copyrighted dialogue on the coast-to-coast tv network.

Ear-splitting, shrieking sirens kept the Atlantic City air crackling day and night Friday and Saturday as thousands of firemen from a five-state area held their annual convention simultaneously with the pageant. More than 160 units brought their fire and rescue equipment for a gigantic parade Saturday and from personal observation, each fireman must also have brought with him his own siren.

Smartly-dressed, uniformed auxiliary firewomen were included in the marching contingents. One, from the Nottingham Fire Co., outside Trenton, N. J., disclosed they didn't actually man the pumps, but provided m.e.s., organized benefit projects and aided the fire-

men in clerical and house-keeping duties around the stations. The navy and white uniformed fireman related her 100-member company won the top state trophy last year at the Mid-Atlantic States convention.

Dr. Felicia Koch, who was on hand at the airport Sunday to welcome home Miss Illinois, gave the name "Zelda" to the furry poodle toy presented to Miss Oros by Philip Bigley, son of Mr. and Mrs. Parker W. Bigley.

Surprising agility was displayed by the 1963 Miss Granite City, Cheryl Glazik, whose lower right leg and foot were encased in a heavy cast. Cheryl recently fractured her ankle in a fall, but was determined not to miss the pageant.

The new Miss America is the first Kansas beauty to capture the coveted title for her state. The only Miss Illinois to win the national crown was Lois Delander of Joliet in 1927.

Among the 50 state beauty queens—talent wise—there were 17 popular singers, five classical, four semi-classical; one pianist; one harpist; ten monologues or dramatic skits; four song-dance routines; six dances; one exhibition of sewing and modeling; and one reading-folk song routine.

Miss Vermont and Miss Illinois for their vocal selections taken from "Sound of Music." An unusual talent presentation was a multilingual skit performed by Miss Delaware who quickly changed costumes to match each phase of her original novelty monologue.

Participating in the stage production were three Miss Americas, the retiring queen, Vonda Kay VanDyke; Maria Beale Fletcher, 1962; and Ann Fleming, 1961. Another former Miss America, Bess Myerson, 1945, one of the

most widely-known former pageant winners, gave color commentary for television from a small platform set high near the balcony of the auditorium.

Miss Van Dyke of Phoenix, Ariz., were an official pageant gown, designed for her by Alfred Bossard in a brilliant bird-of-paradise print. Vivid greens, blues, fuchsia and white plumage birds were encrusted with iridescent beading.

Before leaving the St. Louis airport on her arrival home Sunday, Miss Illinois was treated to an impromptu performance by the Checkerboard Squares, directed by Bob Boyd. The young dancers gave their program in the main lobby.

Television entertainer Bert Parks served as pageant master-of-ceremonies for his 11th year. Miss Kansas was the 38th Miss America to be crowned. This year marked the second year since 1891 that all 50 states were represented.

With the departure of the pageant participants and visiting firemen Sunday, between 11,000 and 12,000 members of the American Chamber of Commerce arrived for their annual fall convention. According to James H. Stack of Washington, D. C., the society's public, professional and member relations director, several were expected to attend from the Greater St. Louis metropolitan area, including East Side firms. Stack travelled from Washington with the local group.

Miss Illinois rushed home Sunday night, unpacked her extensive wardrobe and immediately re-packed again with slightly different attire. The following morning she left bright and early for Charleston, Ill., and the start of her junior year at Eastern Illinois University and, possibly, a well-earned rest.

Mitchell B. Milonski, chairman of the Industrial Employees Section, will conduct a kick-off meeting for 11 workers in the section at 11:30 a.m. Friday in the American Steel Foundries conference room, at which time instructions and supplies will be distributed.

Each worker will be assigned five or six manufacturing firms, to organize for solicitation of their employees and executives, to be completed by the first report session of the drive in mid-October.

Milonski, assisted by William Webb Jr., as vice-chairman, has enrolled the following as campaign workers: Britton Knight

Filcoff Qualifies for Insurance Honor Club

Boris Filcoff, 1307 Iowa street, Madison, has qualified for membership in the Southwestern Regional Honor Club of the John Hancock Mutual Life Insurance Company, it was announced today.

In recognition of his achievement, he has been invited to meet with other leading John Hancock sales representatives at a four-day business conference at the Lodge of the Four Seasons, Lake of the Ozarks, Mo., today through Sunday. About 100 John Hancock representatives from 18 offices in the company's Southwestern Region will be in attendance at the Honor Club meeting.

Filcoff has been associated with the John Hancock firm since 1942 and is a member of the East St. Louis district office. He is a five-time qualifier in the company's Regional Honor Club. This year, Filcoff received the National Quality Award for excellence in producing quality business with high persistency and in rendering outstanding service to clients; it was his 17th consecutive such award from the National Association of Life Underwriters.

Toastmasters Club Resumes Sessions

Weekly dinner meetings for Granite City Toastmasters were resumed Monday evening at the Grand Cafe, with nine members and a guest, Charles Stanfill, present for the club's initial session.

James Dimitroff received the season's first speakers award for his topic, "The Day I Thought the World Would Come to an End." A second talk was made by Paul Kulniewicz, club president, on the subject "Seeing Through Someone Else's Eyes." "Should the United States Get Involved in the Pakistan-India Conflict?" was the topical table discussion introduced by Stanley Kowalewicz. Dr. Leo Coleman served as general evaluator and Earl Lee was the timer.

Plans were completed for several members to attend a Toastmasters district meeting on Friday at the Gardens restaurant, Litchfield, and for a visitation with the Collinsville club on Sept. 28. The remainder of the time was spent formulating a program for the year.

Pvt. Louis Sucich Jr. Is to Leave for OCS

Pvt. Louis A. Sucich Jr., who resided with his parents at 2942 Fourteenth street, is home on leave after completing eight weeks of basic training at Fort Gordon, Ga.

After his leave, Pvt. Sucich will begin another eight weeks of advanced individual training, before entering Officer's Candidate School, which was guaranteed him before he enlisted last June 25.

The advanced individual training is to better prepare him in leadership abilities and to learn the basic uses of the vast complex weapons used in today's modern Army, prior to entering the rigid training encountered in OCS, Sgt. James E. Maddox, local Army recruiter said.

Water Carrier Seminar Planned at SIU Campus

A three-day management seminar for top-level executives of the shallow draft water carrier industry will be held Nov. 15-17 at Southern Illinois University, Carbondale.

The seminar will have a "faculty" made up of leading people in the industry and from several universities. It is being conducted by the University's Transportation Institute in cooperation with the Division of Technical and Adult Education and the School of Business.

Participation will be limited to about 75 people, according to Alexander R. MacMillan, director of Southern's Transportation Institute. The seminar is believed to be the first university-based conference designed exclusively for inland waterways executives, he said.

Southern's leadership in education and research in connection with the shallow draft industry is growing with support of the industry's management, he pointed out.

The Transportation Institute has conducted the Western Rivers Safety Coordinating Conference, schools for towboat masters and chief engineers, marine chemists conference, marine financing management courses, an admiralty law seminar, and "Operation Riverside," a research study for the U. S. Coast Guard concerned with the safe handling and movement of hazardous cargoes on the inland waterways.

County to Stress Study of Creating Airport Authority

"The Madison county board of supervisors should investigate the creation of an airport authority and development of an airport now rather than wait until land is no longer available," William Straube, assistant supervisor of Edwardsville township, stressed at a county board meeting Tuesday morning.

Straube, chairman of the informal subcommittee on aviation appointed recently by Chairman Harold Landolt, reviewed developments to date in airport plans in the Mitchell area in the face of continuing criticism by several board members.

The authority of the subcommittee to investigate airport possibilities was questioned, but Joseph Bartylak, state's attorney, ruled it to be permissible and added that state statutes give counties the right to develop, operate and maintain an airport.

However, it could not issue bonds and assess taxes for the purpose without a referendum, he added.

Why County Development?

As the county board rezoned a 10-acre tract with a special use permit for a private airport proposed for development at the site by C. Tom Foster, president of Foster Aviation Inc., Supervisor Robert Miller asked why the county now is attempting to do so.

Berry Harris, Alton assistant supervisor, remarked that more of the members would have voted to disapprove the zoning change if they were aware of plans for the county to step in.

Straube said that if the county decided to acquire the property at a later date, it would be a more difficult procedure in the case of an existing facility.

He noted that state and federal aviation agencies have offered technical and financial assistance, and that Foster has tentatively proposed to pre-lease the facility from the county to pay for the county's share of the first phase of development, which would be used for small aircraft.

Straube added that it would be easier to obtain facilities built to state and federal specifications, such as runways, when the state and federal government is footing the bill.

The members decided to incorporate a prepared report on

20 Appear at Citizens 'Beef' Session

Mayor Partney expressed enthusiasm at the response to his initial "chicken" beef session held Monday night at the city hall.

Problems range from requests for traffic controls at schools to getting rid of a neighbor's nuisance chickens.

Between 20 and 25 persons appeared, and officials were available from shortly before 8 o'clock to nearly 10 p.m. Mayor Partney said the session would continue as long as Granite Cityans were there and wanted to talk.

"Many persons feel that the city officials and officers don't want to listen to them. I hope through these sessions they will learn that we are interested in their problems and want to help them with solutions," Partney pointed out.

Procedure Followed

Each person registered with the mayor's secretary upon entering the council room and then was called when his turn came.

Traffic Fines—\$135

Upon pleading guilty to three traffic charges, Illuminado Pastorize, 22, of 1017 Third street, Yonkers was fined \$135 in traffic court Monday. He was arrested early Sunday on charges of passing a stop sign at Johnson and Nameoki roads, operating a vehicle with an improper muffler and failing to have a driver's license.

the developments so far into the minutes of the board meeting, over minor objections of some members.

Straube asked for a chance for the subcommittee to complete its study and make recommendations to the board. If expansion should follow, he said the finance, right-of-way and new buildings committees could serve as a check and balance system.

He also noted that a county airport authority could present plans to the Federal Aviation Authority for incorporation of the first phase of development into the national airport plan to begin in January.
